

Street Designations/Directions/Housing Designations

Q Is this address where you lived at the time of this accident?

A No. At the time of the accident, I lived in a trailer on Morgan Hollow. Morgan Hollow is the next road past the bank building on Parker Street.

Then I moved to the fifth floor penthouse of the Simpson Office. My suite overlooked Brady Camp Road. I lived there until I got married. My wife and I moved a block north to a lower level apartment on Vinton Boulevard.

Q Where did this accident take place?

A Well, I was driving south on Point River Road. I was on my way to the Lakeside Lodge. I had just passed where you get on the turnpike at Valley View Station. My cell phone started to ring and I looked down for just a second. When I looked up, a car had run the light at Pines Mill Parkway. I couldn't stop and we ended up colliding in the

intersection of Mountain Knolls and Glen Heights.

Q Did an ambulance arrive on the scene?

A Yes. An ambulance took me to a hospital northeast of the city, via the bridge bypass. I believe it was Gateway Harbor Hospital. The driver of the other car was taken to a hospital southwest of the city, Crescent Creek Hospital.

Q Did you continue to see a doctor?

A Yes. I now see a doctor out on Falls Circle. That's southeast of Forest Beach Road. I've been seeing him since right after the accident. He referred me to a pain specialist at Summit Trace. I can't remember his name, but you make a right in the lobby there and it's Unit 23.

Q Are you seeing any other doctors?

A I'm seeing a physical therapist from Canyon Crossing. He's advised me to continue working at Ferry Estates while I am in therapy. I don't know how much longer I'll be working there, thought. I've applied for a job at Ford Landing. That's located out on Manor Parkway, just west of Spring Terrace.
